

AMAZON SELLER CENTRAL MFN INTEGRATION PACKAGE

Connecting Amazon SC MFN* (Merchant Fulfilled Network) with SAP Business One (B1) is now even easier with the latest integration package from Cindercone. The solution automates seamless data flow between B1 and Amazon, keeping your marketplace up to speed on stock levels, sales and despatches in real-time.

Each package includes:

Sales Orders

Inventory

Despatches

INTEGRATE. CONNECT. FLOW

AMAZON SELLER CENTRAL MFN INTEGRATION PACKAGE

What's included in the standard package:

Sales Orders

Sales Orders from SellerCentral

New MFN* orders placed on the Seller Central platform that are Unfulfilled will be created within B1 with attached Payment. Our implementation team will work with you to agree mapping rules around customer and product coding, end client delivery address and contact details, required delivery date, couriers, and price. This is a key integration that saves time and reduces errors, ensuring that subsequent messages are built on a solid foundation.

Inventory

Inventory to SellerCentral

Magma will send current stock levels to the SellerCentral platform from B1. Our implementation team will agree the rules for extracting this information from B1.

Despatches

Despatches to SellerCentral

Magma will return the tracking reference to the SellerCentral platform, along with the despatch confirmation. Our implementation team will agree the rules for extracting this information from B1.

* MFN – Merchant Fulfilled Network is a method of selling where sellers list products in Amazon marketplaces, but manage all storage, shipping, and customer support independently. Sometimes referred to as FBM (Fulfilled by Merchant)

Excluded from Package:

The following integration areas are possible but can be done in various ways, meaning scoping would be required with the customer. This can be done as part of a project or as a phase 2 to the package:

- Payout Reconciliation
- Additional Countries

If you would like more information on the above please call: 01628 520540 or email: sales@cindercone.com
